ANNUAL DAY

02-02-2019

“

Annual Day marks the Amalgamation of students learning which is the output of common effort of Teachers and parents.

The culmination of academics along with extra-co-curricular activities have been show cased under the tag of “Aspire-an ode to Avani”

The students understanding encompassing the 21st century skills is manifested by paying tribute to the mother earth –exclusively passing a message to the society on the sustainability of Mother Earth and its resources.

The panel of dignitaries included Pujya shree Madhavanji (Founder of Aware Society) Shri Komaraiah (Chairman Pallavi Group of School), Dr. Bram Van Luwen, Correspondent , Shri Pradeep Reddy, Director Shri Anita Reddy, Vice Principal Shri Shyamala, who presided over the event.

Students not just performed to the foot tapping music but also conveyed a message which shall be echoed for long.

Students made us all conscious as how we are at the declining point of huge devastation and cannot afford to ignore the danger bell ringing.

This can be possible if and only if we ostracise plastic from our lives.

The focus of the Annual day being afforestation for which should be the mantra for all of us.

The Celebration of Annual Day with maximum participation of our school students shows their enthusiasm both in our Indian Culture as well as social responsibility (go hand in hand) for a better society.

It's a small trial to do our bit to our mother land. This earth is ours, the responsibility to safe guard it is on our shoulders.

“When there is harmony in the individuals:

There will be unity in the society,

When there is unity in the society:

There will be peace in the world”.

”
