Summer Vacation Assignment

Session (2019-2020)

Class – VIII

Dear Parents,

Happiness is in the air. Long awaited summer holidays are again ready to welcome you with their warm showers!

Life needs to be balanced between fun and work. Summer Holidays give a chance for students to relax. During holidays, leisure replaces works as a priority. You are filled with the enthusiasm to explore, travel and learn. Besides relaxing the students should keep in the mind the execution of the assigned work in a well planned manner. Motivate your wards to interact with knowledgeable books that would in turn lead their minds to grow exclusively and in an effective manner.

NOTE: Student should read the instructions carefully and do the assignment work in prescribed activity book/class work and to be neatly presented on June 1st 2019. Marks are awarded for the same.

Experience of life in space

And

Value of time

Young students find extraterrestrial life – “**Life in space**” as one of the most intriguing topic . The words aliens, spaceship, life on Mars provokes a zeal in them to explore the space, know the world beyond the earth which is interesting and fascinating. They find joy and excitement to solve the mysteries of it which helps to strength in their knowledge in it.

There is a common and true saying that “Time and Tide waits for none” which means time never waits for anyone, one should have to go with time side by side. Time comes and goes as usual but never stays.

Here is a inter-disciplinary home work to take them to a virtual and exciting journey of space making them ponder, inquire and project their work.

S.NO	SUBJECT	TOPIC
1	ENGLISH	How do you experience life in space? How do you realize the value of time?
2	II LANG (TELUGU)	1. అంతరిక్షములో పర్యటన వివరాలను గురించి ఒక నివేదిక వ్రాయుము. 2. సమయపాలన అవశ్యకతను తెలియ జేసిన ఇద్దరు వ్యక్తుల వివరాలను సేకరించుము.
	II LANG (HINDI)	1. किसी अंतरिक्ष यात्रा का अनुभव चित्र सहित दर्शाइए। 2. "समय का महत्व" विषय पर अनुच्छेद लिखिए।
3	SCIENCE	Design your magazine of Space biology, fascinate and educate your readers with nail- biting articles. Your mission is to create a timeline of events in space technology
4	SOCIAL	Make a model of rocket and paste pictures of Indian astronauts.
5	MATH	Many mathematicians have connected space science, with math which demonstrated that math not only exist on the earth but beyond the earth also. Hunt out for there great mathematicians, lay ground work and construct a booklet on them. (A4 size with pictures)
6	COMPUTER	Design a cover page on Artificial Intelligence in Ms-Word. Topics: Robotics, Game theory, Computer vision
7	ART	Make model of experience of life in space using news papers.
